Review on the Administration Report of the Customs and Excise Department for 1996-97.

Administration.—Captain Kanwar Hira Singh Ji resumed charge of the office of Inspector General, Customs and Excise, on the expiry of his leave on 4th January 1940 forenoon and continued to hold charge of the Department for the remainder of the year. He was provided with a gazetted Assistant to assist him in office work by a corresponding reduction of the post of Deputy Inspector, Serai Safa Kadal. During the absence on leave of Captain Kanwar Hira Singh Ji the charge of the Department was held by Captain R. G. Wreford.

Pt. Lachmi Narayan Channa continued to hold charge of Kashmir Inspectorate till 17th Assuj 1997, when he proceeded on leave preparatory to retirement. Ch. Bhim Sen, Deputy Inspector, was appointed to officiate as Inspector in this arrangement.

L. Bhagwan Das continued to be in charge of Jammu Inspectorate upto 17th Assuj 1997, when he was transferred to Kashmir Province.

2. **Receipts and Expenditure.**—The realisations of the Department during the year under review aggregated Rs. 78,20,381 compared to Rs. 83,45,694 of the preceding year, thus registering a fall of Rs. 5,25,313. The chief cause of decline in revenue was the production of sugar in superabundance in British India. The products of Indian Sugar industry practically smothered foreign competition and as Indian sugar pays a duty of Rs. 3-4-0 per maund in the State against Rs. 9-12-0 per cwt. on foreign sugar, the imports under this head contributed to a fall of Rs. 3,99,959. The outbreak of hostilities in Europe followed by uncertainties of obtaining supplies of overseas goods and of shipping facilities also contributed to that end.

The expenditure on the maintenance of Department amounted to Rs. 4,08,302 against Rs. 3,87,812 in the preceding year. The ratio of expenditure to income was 5.4 per cent.

3. **Tariff changes.**—(a) The changes appearing in the British Indian import tariff from time to time were incorporated in the State Customs Tariff as usual.

(b) Duty on Indian sugar was raised from Rs. 2-12-0 to Rs. 3-4-0 per maund and on Indian loaf sugar including Kuza from Rs. 2-8-0 to Rs. 3 per maund from 3rd March 1940.

(c) The duty on Indian pitch and tar was reduced from 25 to 15 per cent. *ad valorem* and these articles were placed on the special schedule.

(d) Permission was given to Jammu traders to import salt in consignments of not less than 40 maunds on payment of duty at Re. 1 per maund. In the case of Kashmir traders the quantity to be imported was fixed at 20 maunds. The traders are required to obtain a licence from the Inspector General Customs and Excise and the arrangement is an experimental one for one year beginning from 13th September 1940. The condition of prepayment of duty on salt has been done away with.

(e) The rate of duty on fresh fruits foreign imported out of bond was reduced from 30 per cent. to 10 per cent. *ad valorem*.

(f) Duty on dyes imported by Industrial concerns in the State for manufacture of their products was fixed at 10 per cent. *ad valorem* for the duration of War subject to certain conditions.

4. **Administrative Reforms and measures.**—(a) Due to the practical closure of Ladakh route owing to disturbed conditions in Chinese Turkistan goods imported from Central Asia *via* Gilgit route were allowed to pass free of customs duty under Rawana Kham. This arrangement will remain in force till normal conditions are restored in Chinese Turkistan.

(b) The Inspector General, Customs and Excise, was authorised to write off stamp duty not exceeding annas two in the case of visitors without reference to Finance Department. This was necessary to cut down correspondence on petty matters.

	B. C. Road.	J. V. Road.
Private car	4 gallons.	6 gallons.
Taxi car	2 „	2 „
Lorry	2 „	2 „
Motor Cycle	1 gallon.	1 gallon.

(e) For convenience of visitors powers of opening and repacking of parcels for purposes of para 2 of section 26 of the Customs Act were delegated to Assistant Inspectors posted at Post Office Mahal in Srinagar City, the Gulmarg Customs Post and Baramulla and Anantnag Ranges provided duty on goods did not exceed Rs. 25.

(f) The Kuth Officer in charge Doda bridge was invested with powers under section 30 of the Excise Act for arrest of opium smugglers and seizure of contraband opium.

5. **Legal Amendments.**—(a) Section 10 of the Customs Act was amended authorising the Inspector General Customs and Excise to pass goods at a Frontier Post under Rawana Kham for assessment to duty at an interior Post.

(b) Section 30 of the Excise Act was amended in order to extend to Police Officers not below the rank of Sub-Inspectors the powers of arrest without warrant in Excise offences under sections 48 and 50 of the Excise Act.

6. **Excise.**—(a) An assessed fee of Re. 1 per Imperial gallon or Rs. 2 per dozen quart bottles was imposed on denatured spirit at the time of issue of a permit for import.

(b) The maximum scale of wastage in the manufacture of raw opium into excise opium was fixed at 15 per cent. It has further been decided that cakes of opium on manufacture should weigh 81, 82 and 83 tolas. The cakes weighing 81 and 82 tolas would be issued to licensees in the first and second quarter of a year respectively while those weighing 83 tolas would be issued in the latter half of the year.

(c) The existing practice of adding 8 per cent. to the total cost of a consignment of Charas at the time of fixing issue price to cover dryage was confirmed.

(d) The Inspector General, Customs and Excise, was authorised to sanction write-off of wastages in opium and Charas to the extent prescribed in clauses (b) and (c) above.

(e) Six seers of Charas were agreed to be issued to the Raja Sahib of Chenani annually without charging excise duty.

(f) From 1st Baisakh 1997 the issue price of opium was reduced from Rs. 80 to Rs. 70 per seer.

7. **Assaults and thefts.**—There were two cases of assault in one of which the accused was sent up for trial while the other is under correspondence with the Police. There were two cases of theft also. Both were investigated but the culprits remained untraced.

8. **Inland Postal Parcels.**—The receipts from this source rose to Rs. 31,362 compared to Rs. 25,857 of the preceding year. The extension of the window delivery system to some of the important post offices appears primarily responsible for this increase. Under this system customs duty on parcels delivered is collected at the Post Office by the Customs Staff.

9. **Foreign Parcels.**—The receipts under this head amounted to Rs. 93,721 against Rs. 92,829 of the last year showing a slight improvement.

10. **Bonded Imports.**—The income from bonded imports fell to Rs. 28,13,342 from Rs. 35,11,377 of the previous year. As already explained

fall in the import of foreign sugar and restrictions on the import of foreign goods occasioned by the War account for this decrease.

11. **Imports into Poonch.**—The duty value of exemptions allowed on imports into Poonch amounted to Rs. 1,05,034 compared to Rs. 1,11,142 of the previous year. The variation is negligible.

12. **Excisables.**—(a) **Poppy.**—1,815 Kanals and 3 marlas of land were brought under poppy cultivation but the crop was seriously damaged by hailstorm and yielded only 12 maunds 37 seers 5 Chataks 1 tola of opium, which was purchased by the Department.

(b) **CHARAS.**—Charas used to come from Central Asia but has practically stopped owing to disturbances in the Chinese territory. During the year under review 36 bundles of Charas weighing 49 maunds 26 seers and 2 Chataks were purchased from stocks lying with Central Asian traders for Rs. 21,164-4-6. The problem of future supply is not free from concern.

(c) **COUNTRY LIQUOR.**—The Murree Brewery Co., Ltd., continued to hold the contract for supply of country liquor (plain and spiced) at the rate of annas 14 and Rs. 1-1-0 respectively per gallon of London Proof strength; annas 2 per gallon are paid as export duty to the Punjab Government.

13. **Consumption of excisables.**—The following table shows the consumption of excisables during 1996-97 compared with the consumption in the previous year:—

Year.	Country liquor in L. P. gallons.	Charas.			Opium.			
		Mds.	Srs.	Chts.	Mds.	Srs.	Chts.	
1995-96	..	13,407	19	17	9	20	11	6
1996-97	..	15,758	13	34	15	13	2	5

14. **Illicit Distillation.**—The number of cases of illicit distillation of liquor and of unlawful possession of other excisables fell from 74 of the previous year to 18. The staff provided for suppression of illicit distillation could not be engaged during the year under review.

15. **Incidence of consumption and Excise taxation.**—The incidence of consumption and of excise taxation per mille of the population is given in the table below:—

Year.	Country liquor in London Proof gallons.	Drugs in tolas.	Taxation in rupees.	
1995-96	..	4.6	44.4	103
1996-97	..	5.4	29.9	106.4

16. Excise arrangements at Astore continued unaltered.

17. **Exemptions.**—The duty value of exemptions allowed to privileged persons and Imperial Departments, etc., amounted to Rs. 2,98,980 compared to Rs. 3,16,275 of the previous year.

18. **Central Asian Trade.**—This trade continued to dwindle due to the closure of the route to Chinese Turkistan. This is evident from the fact that while the value of trade between Central Asia and the Punjab in 1995-96 was Rs. 4,04,814, it was reduced to Rs. 99,282 in the year under report.

ANNUAL ADMINISTRATION REPORT OF THE CUSTOMS AND EXCISE DEPARTMENT FOR THE FASLI YEAR 1996-97 (1939-40).

CHAPTER I.

PRELIMINARY.

I. The sub-joined statement gives figures representing the realisations made by the Department under various heads of revenue during the Fasli year 1996-97 as compared with the preceding four years:—

Heads of Revenue.	1992-93.	1993-94.	1994-95.	1995-96.	1996-97.
1. Customs (Import) Duty	54,75,100	50,99,601	55,17,170	61,95,311	57,00,599
2. Customs (Export) Duty	3,21,238	2,99,527	2,50,439	2,50,058	2,38,892
3. Octroi Duty	2,89,175	3,07,138	2,76,029	2,97,497	3,33,312
4. Road Toll	11,62,625	9,59,034	9,05,886	10,71,389	10,42,187
5. Excise	3,40,051	3,41,102	3,19,062	3,40,577	3,22,890
6. Excise Duty on Laundry Soap	..	1,775	233	..	139
7. Excise Duty on Matches	1,99,102	1,96,737	1,75,665	1,64,738	1,57,265
8. Possession Tax on Cars	26,754	3,953	3,943	1,510	642
9. License fee on Arms	918	1,041	1,058	967	1,041
10. Miscellaneous	16,645	13,088	15,419	23,647	23,414
Total	78,31,608	72,22,996	74,64,904	83,45,694	78,20,381

(a) Revenue.

2. The receipts during the year aggregated Rs. 78,20,381 against Rs. 83,45,694 of the preceding year, showing a decrease of Rs. 5,25,313. Causes for fluctuations under different heads are explained below.

3. **Customs (Import) Duty.**—The receipts under this Head during the year under report as compared with the year that preceded it crashed down to Rs. 57,00,599 from Rs. 61,95,311 resulting in an enormous decrease of Rs. 4,94,712. The causes for this variation are that:—

(a) In the year 1995-96 rumours of a War created anxiety among the trading community and many profiteering agencies began to corner stocks. On this account the imports experienced a sudden spurt which as a natural result contributed to the swelling of figures of revenue. In the year under report the anxiety having subsided the conditions had become more or less normal. The fact that the figures of revenue for 1996-97 do not show any fall as compared with any previous year except 1995-96 also points out to the appropriateness of the above remarks;

(b) The income from Import duty in the year 1996-97 would have been yet larger and had perhaps exceeded that of the foregoing year if on the spread of War many articles of foreign produce and manufacture had

not become scarce or totally unobtainable and shipping difficulties have not had to be faced in respect of articles that remained still available;

(c) The tide had turned in respect of imports of sugar. The position in British India during the year under report was that instead of being imported from abroad sugar was being exported. Naturally, therefore, larger imports of Indian sugar were made into the State and as Indian sugar is subjected to a much lower rate of duty as compared with Foreign sugar, the decrease in revenue on sugar both bonded and unbonded taken together stands by head and shoulders above other items. In fact by deducting the fall in sugar *viz.* Rs. 3,99,959 from the total decrease under import duty the balance of Rs. 94,753 is such that it could have been passed for normal.

4. **Export Duty.**—The decrease under this head is attributable to the failure of fruit crop which was damaged by hailstorm.

5. **Octroi Duty.**—A mild winter and a stricter supervision by the staff are responsible for the increase in receipts.

6. **Road Toll.**—The decrease is not considerable enough to call for particular attention.

7. **Excise.**—The decrease may be attributed to the fall in bids received at the auctions for the privileges of vend and to the fall in the consumption of the drugs.

8. **Excise duty on Laundry Soap.**—The levy of excise duty on Laundry Soap has since been discontinued. The amount recovered represents the arrears which were due from a firm.

9. **Excise duty on Matches.**—The figures under this head represent the share allotted to this State by the Government of India under the pool system.

10. **Possession Tax on Cars.**—This tax was abandoned in October 1936. The collections made represent only the arrears realised.

11. **License fee on Arms.**—The receipts under this head are steady.

12. **Miscellaneous.**—The variation is negligible.

(b) *Expenditure.*

13. The following statement shows the expenditure incurred on the the maintenance of the Department during the year as compared with the previous four years:—

Heads of Expenditure.		1992-93.	1993-94.	1994-95.	1995-96.	1997-97.
1. Supervision	..	52,662	52,206	57,908	59,385	66,298
2. Inspection	..	54,411	67,223	65,005	67,072	78,560
3. Collection and Prevention	..	2,44,724	2,62,525	2,63,846	2,60,863	2,63,035
4. Opium manufacture	...	203	831	569	492	409
Total		3,52,000	3,82,785	3,87,328	3,78,812	4,08,302

The ratio of expenditure to income was 5.4 per cent.

CHAPTER II.

CUSTOMS.

14. **Charge of the Department.**—Captain Kanwar Hira Singh Ji, who had proceeded on leave with effect from 21st August 1939, joined on 4th January 1940 forenoon and continued to be in charge of the Department. During his absence, as stated in the last year's Report, Captain R. G. Wreford was in charge of the Department as Inspector General.

A gazetted Assistant of the cadre of Deputy Inspectors was given to the Inspector General as a temporary measure. This was effected by the transfer of the post of Deputy Inspector Serai Safa Dadal, to the office of the Inspector General of Customs and Excise and by combining the Uri and Garhi Ranges and thus making an Assistant Inspector available to work in the Serai instead of a Deputy Inspector.

Mr. Abdul Haiy, Deputy Inspector, joined the office of the Inspector General as a temporary measure and was relieved on the 11th Assuj 1997 by Sh. Iftikhar Ahmad, Deputy Inspector, who continued to be the gazetted Assistant in the office.

Pandit Lachmi Narain Channa, Inspector of Customs and Excise, Kashmir, proceeded on one month's privilege leave from 17th Assuj 1997 preparatory to retirement. Ch. Bhim Sain, Deputy Inspector, was appointed to officiate as Inspector in this arrangement.

Lala Bhagwan Dass continued to be in charge of Jammu Province as Inspector upto 17th Assuj 1997, after which date he was transferred to Kashmir Province. He was relieved by Ch. Bhim Sain.

Lala Ram Lal Gupta was in charge of the Customs Revenue Audit Section as Audit Officer except for the only considerably long period of two months from 22nd Poh 1996 to 21st Phagan 1996 when he remained on privilege leave and Pt. Damodhar Kaul officiated for him.

Lala Mehar Chand was in charge of the Customs Revenue Audit Section, Jammu, throughout the year under report except for the period from 13th Bhadon 1997 to 26th Assuj 1997 when he was officiated by Pt. Damodhar Kaul.

A detail of the establishment employed in the Supervision Office and of Jammu and Kashmir Inspectorates and of the Executive Staff of the Department is contained in Appendix U.

15. **Communal Representation.**—Direct recruitment to the different cadres of service was made on a communal basis and according to the standing orders of Government.

16. **Tariff.**—The changes appearing in the British Indian Import Tariff from time to time were incorporated in the State Customs Tariff, as usual.

17. With effect from 3rd March 1940, duty on Indian Factory Sugar was raised from Rs. 2-12-0 to Rs. 3-4-0 per maund and on Indian loaf sugar including kuza from Rs. 2-8-0 to Rs. 3 per maund.

18. On the representation of the people of Mirpur, the rate of Export duty on hides and skins was reduced from Rs. 2 to Rs. 1-12-0 per maund as a relief to the traders dealing in this commodity.

19. In order to enable pitch and tar produced in India to compete with those imported from Overseas, these articles were transferred from the General to the Special Schedule and the rate of duty reduced from 25 per cent. to 15 per cent. *ad valorem*.

20. According to item 1 of the Special Schedule of the State Customs Tariff, Salt, when imported in bond from the Khewra mines for the Jammu Province, was charged to a duty of Re. 1 per maund, provided the duty was prepaid. In all other cases it was charged at Rs. 1-8-0 per maund. Against this, consignments of salt for the Kashmir Province weighing ten maunds or more were liable to payment of duty at the rate of Re. 1 per maund while consignments of salt weighing less than 10 maunds were charged to duty at Rs. 1-8-0 per maund. Thus there existed a disparity between the rates of duty levied in the two provinces. Permission was given to the traders of Jammu Province to be licensed by the Inspector General, to import salt in consignments of not less than 40 maunds by payment of duty at the lower

rate of Re. 1 per maund, and the minimum quantity for a consignment of salt to be admitted into Kashmir Province at the lower rate of duty was raised from 10 to 20 maunds. The minimum quantity for both the provinces might have been equalised and fixed at 40 maunds but for the reason that bullock carts which are also used for the import of salt in Kashmir Province are not permitted to carry more than 20 maunds at a time. This arrangement was made as an experimental measure for one year with effect from 13th September 1940 at the expiry of which the position will be reviewed.

21. Fresh fruits of foreign produce were being taxed at 30 per cent. *ad valorem* and those of Indian produce at 10 per cent. As however fruits of foreign produce when not imported in bond were not easy to know from those of Indian produce they were the subject of ceaseless correspondence with the Audit Office and great inconvenience was being caused to the traders as well as the assessing officers. To eliminate it the rate of duty leviable on the import of foreign fruits when not imported in bond was reduced to that prescribed for Indian fruits *viz.* 10 per cent.; the rate of 30 per cent. for bonded imports of foreign fruits, however, remained unaffected.

22. Industrial concerns in the State using dyes in the manufacture of their products were permitted to import dyes on payment of Customs duty at 10 per cent. *ad valorem* for the duration of the War subject to the condition that they satisfy the Customs Department that on account of any one of the following reasons it was not possible for them to order out goods from abroad or to import supplies in bond:—

- (1) the refusal of importing agents to give any reasonable time of delivery or to accept orders on definite prices,
- (2) the difficulties of availability of certain materials,
- (3) the smallness of the order,
- (4) uncertainties of shipments.

Shree Karan Singh Woollen Mills Ltd. was allowed to import dyes on payment of Customs duty at 10 per cent. *ad valorem* for the use of the factory under a certificate from the Director of Industries.

23. **Meeting of Deputy Inspectors.**—A meeting of the Deputy Inspectors of Jammu Province was held from 8th to 11th April 1940 to discuss matters concerning trade, improvement of revenues, suppression of smuggling and general administration. This meeting was the first of its kind held in the history of the Department. The matters discussed at the meeting are receiving consideration.

24. **Export of Shali and Rice.**—Under Defence Rules export of Shali and Rice was till further orders prohibited from the State, with effect from Jeth 1997.

25. **Treating of Gilgit route as a free high way.**—Under the Commercial Treaty of 1870, goods imported from Central Asia for export to British India and *vice versa* are kept exempt from payment of Customs Duty in the State and the Ladakh route is treated as a free high way for purposes of the Treaty. Owing to political disturbances in the Chinese territory this route is practically closed and Gilgit route is the only one through which goods can come from Central Asia. Goods imported from Central Asia *via* Gilgit were allowed to pass under Rawana Kham without charging any Customs duty thereon pending restoration of normal conditions in Chinese Turkistan.

26. **Delegation of powers to Inspector General to write-off stamp duty.**—The Inspector General of Customs and Excise was authorised to write-off stamp duty not exceeding annas two in the case of visitors in individual cases without consulting the Finance Department.

27. **Amendment of Section 10 of Customs Act.**—Section 10 of the Customs Act was amended under which goods of any specified person, trader or a Government Department, or goods imported by any specified agency can be treated and passed at a Frontier Customs Post as goods in bond and assessed to duty at an interior Customs Post specified in the order of the Inspector General of Customs and Excise.

28. **Personal Luggage.**—The import of the following provisions free of Customs duty as part of personal luggage was allowed in quantities noted

against each:—

1. Ghe and butter obtained from milk .. 1 seer per person.
2. Fruits 5 seers per person.
3. Vegetables all sorts Ditto. ditto.
4. Grains, pulses and flour 4 seers (in all) per person.

29. One petromax lamp or two table lamps and two lanterns for actual use by visitors were allowed to be imported by them free of duty as part of their personal luggage for the period of their stay in the State provided the lamps and lanterns were already being used and were not new and fit for sale.

30. Radio sets, silverware and musical instruments were deleted from the articles on which when imported by visitors duty was recoverable at the time of import and refundable on re-export if the re-export took place within six months from the date of import.

Carpets (3 used pieces per family) were included in the list of personal luggage and in the list of articles duty on which is recoverable at the time of import and is refundable at the time of re-export if the re-export takes place within six months from the time of import.

In the case of persons other than visitors, Customs duty was decided to be recovered on Radio sets purchased or obtained from visitors importing them as part of their personal luggage free of Customs duty. The exemption or conditional exemption in favour of persons other than visitors from Customs duty on canoes, boats, tents, bicycles, musical instruments, carpets and radio sets was withdrawn.

For purposes of these exemptions the term "Visitor" was defined as "a person, not being a subject or resident of the State, who comes to make and makes a stay of not more than six months in a single calendar year in the State and who possesses no immovable property and has no commercial interests in the State."

31. **Reduction in free allowance of petrol.**—Free allowance of petrol in the case of motor vehicles entering the State was restricted as below:—

			Banihal Road.	Jhelum Valley Road.
Private Car	4 gallons.	6 gallons.
Taxi Car	2 „	2 „
Lorry..	2 „	2 „
Motor Cycle	1 gallon.	1 gallon.

32. **Delegation of powers to certain Assistant Inspectors to attest re-export of parcels.**—For the convenience of visitors, powers for opening and re-packing of parcels for purposes of para 2 of section 26 of Customs Act were delegated to the Assistant Inspectors posted at Post Office, Mahal in Srinagar city, the Gulmarg Customs Post and Baramulla and Anantnag Ranges provided that the duty on the goods does not exceed Rs. 25.

33. **Reduction in the issue price of opium.**—Following the Punjab Government, the issue price of opium from the State Excise Warehouses was reduced from Rs. 80 to Rs. 70 per seer with effect from 1st Baisakh 1997.

34. **Investment of Kuth Officer Doda Bridge with powers under Section 30 of Excise Act.**—The Kuth Officer in charge Doda Bridge was invested with powers under section 30 of the Excise Regulation for arrest of opium smugglers and seizure of contraband opium.

35. **Authorising of Police Officers under Section 30 of Excise Act.**—Section 30, Excise Act, was amended in order to extend to Police Officers

not below the rank of Sub-Inspector the powers usually exercised by a Customs and Excise Officer with regard to arrest without warrant for offences under sections 48 and 50 of the said Act, and the seizure and detention of contraband and the detention and search of persons upon whom and vessels, rafts, boats, vehicles, packages etc. in or upon which there may be reasonable cause to suspect any such excisable to be or to be concealed.

36. **Permit fee on Denatured Spirit.**—An assessed fee of Re. 1 per Imperial Gallon or Rs. 2 per dozen quart bottles was decided to be levied on Denatured Spirit at the time of the issue of a permit for import.

37. **Wastage in Opium and Charas.**—The maximum scale of wastage in the manufacture of Raw Opium into Excise Opium was fixed by Government at 15 per cent. and it was also decided that cakes of opium expected to be issued from the warehouses during the first quarter should weigh 81 tolas each at the time of manufacture and those meant for the second quarter should weigh 82 tolas each whereas those expected to be issued thereafter should weigh 83 tolas each. Government also issued orders to the effect that shortage or excess in the weight of a cake of opium at the time of issue should be ignored to the extent of one tola and that more than that should be made good or taken away from the cake as the case may be.

In the case of Charas, the existing practice of adding in order to cover dryage in the warehouse 8 per cent. to the total cost of a consignment of Charas for fixing its issue price, was confirmed by Government.

The Inspector General of Customs and Excise was also authorised to sanction write-off of wastages in opium and Charas to the extent prescribed above.

38. **Purchase of Excise rights of Chenani Illaqa.**—On a representation by the Raja Sahib of Chenani against the order of Government sanctioning the purchase of the Excise rights of Chenani Illaqa in consideration of a cash compensation of Rs. 750 per annum, the order was revised and the cultivation of poppy and sale of opium upto the maximum of six seers annually was allowed in the Chenani Jagir subject to the inspection of poppy crop by the Deputy Inspector of Customs and Excise, Doda, before the extraction of opium.

The Wazir of Chenani was invested with the necessary powers under the State Excise Act for running and inspecting the Excise shop at Chenani.

Six seers of Charas were agreed to be issued annually from the Excise warehouse to the Raja Sahib of Chenani without charging any Excise duty thereon.

No cash compensation in lieu of Excise rights would be payable to the Chenani Illaqa.

39. **Assaults and Thefts.**—The following cases of assault and theft were reported during the year:—

(a) An assault was made by one Jai Ram on a Customs Guard at Ramkote. The matter is under correspondence with the Police Department.

(b) A certain Bakir Hajim assaulted the Patrol Guards Saidakadal when he was smuggling some articles on which Octroi duty had not been paid. The accused was sent up for trial.

(c) The Octroi Post Rambagh was burgled. No Government property was lost. The culprits could not be traced by the Police.

(d) Private property of the Mahaldar and the Guard and an empty cash box belonging to Government were stolen at Khatmari Customs Post. The private property was found in an adjoining field but the cash box could not be recovered. The Police could not trace the culprits.

40. **Disciplinary action.**—The following statement indicates the disciplinary action taken against the employees of the Department:—

Employees.	Nature of the punishment awarded.			
	Fined.	Degraded.	Suspended.	Dismissed.
Mahaldars ..	95	1	3	..
Clerks ..	5
Guards ..	274	4	14	..

41. **Casualties.**—The Department sustained the following losses due to retirement or death:—

Grades of Service.				Retirement.	Death.
Assistant Inspectors	I	..
Clerks	I	..
Mahaldars	I	I
Guards	20	I

42. **Departmental Examination.**—No departmental examinations for the cadres of Deputy Inspectors and Assistant Inspectors were held during the year. The examination of approved candidates for the cadre of Mahaldars was held on 8th, 9th, 11th and 12th March 1940 and the result announced in June 1940.

43. **Frontier Patrols.**—The number of smuggling cases detected by the Patrol staff is given below together with the figures for the previous four years:—

Years.				Kashmir.	Jammu.	Total.
1992-93	34	645	679
1993-94	24	635	659
1994-95	I	348	349
1995-96	18	310	328
1996-97	9	421	430

The number of cases detected in Kashmir decreased half by half while in Jammu it increased by 111. The Patrol parties in Jammu were strengthened by deputing special staff this year.

44. **Octroi Patrols.**—Cases of smuggling caught by Octroi patrols are shown below:—

Year.				Srinagar.	Jammu.	Total.
1992-93	109	9	118
1993-94	118	11	129
1994-95	151	12	163
1995-96	135	23	158
1996-97	111	14	125

A warning was given to the patrols last year to show better results. Although the work of the Customs patrols has improved much still remains to be desired.

CHAPTER III.

REVENUE AND EXPENDITURE.

45. **Customs (Import) Duty.**—Appendix “C” shows the total receipts under Import duty during the year under report as compared with the preceding four years and Appendices “D” and “E” show the chief articles that have mainly been the source of this income.

The receipts have gone down. The chief articles which show noticeable variations are:—“Sugar Refined” (—3,99,959), “Cotton piece-goods, Foreign” (—71,578), “All other articles of Merchandise” (—63,393), “Woollen piece-goods, Foreign” (—49,218), “Silk Manufactured Foreign” (—13,670), “Other Oils” (—27,702), “Tobacco” (—15,369), “Stationery” (—12,010), “Salt” (+72,043), “Petroleum” (+30,393), “Drugs and Medicines” (+31,758), “Wines and Spirits” (+34,859), “Sugar Unrefined” (+22,470), “Cotton piece-goods, Indian” (+19,223).

Decrease under all the articles mentioned above may be attributed to the outbreak and spread of War and difficulties in the shipment of Overseas goods. Causes for the increase which certain articles showed are given below:—

“SALT”.—Increase may be attributed to lesser imports made during the previous year in Kashmir Province.

“SPIRITS”.—The dealers in British India held sufficient stocks and as soon as an apprehension was felt due to the War that imports in spirits might cease or decrease considerably large stocks were imported suddenly by the traders in the State.

“DRUGS AND MEDICINES”.—The same reasons as given for “Spirits” above.

“PETROLEUM”.—Increase is due to enhancement of duty on Petrol from annas 10 to annas 12 per gallon.

“UNREFINED SUGAR”.—In the year 1995-96 the prices of unrefined sugar suddenly leaped up and persisted in their upward tendency for a long time. The prices obtaining were the record ones. Naturally this year was not one of accumulating stocks and the attitude of the importers in the State was characterised by hesitation and indecision. In the year 1996-97 the prices came down considerably which caused again the flow of unrefined sugar into the State in the normal way.

“INDIAN COTTON PIECE-GOODS”.—Rise in prices in Indian Markets and replacement of foreign manufactured goods by those of Indian production are responsible for increase under this commodity.

46. **Octroi.**—Appendix “F” shows the total income under Octroi and Appendices “G” and “H” show the chief commodities on which octroi duty is levied.

Srinagar City.—There is an increase of Rs. 31,247 under this head. The chief articles showing noticeable increase are “Shali” (10,987) and “Oil and Oil-seeds” (8,827). Increase under “Shali” may be attributed to larger imports made by the State Granaries owing to its stock having exhausted in the city. Increase under “Oil and Oil-seeds” is attributable to better crops of oil-seeds having been obtained in the Muffasil. The rest of the increase has been obtained through a stricter supervision by the staff.

Jammu City.—The receipts are steady, showing an increase of Rs. 4,568 which calls for no special remarks.

47. **Excise.**—Revenue under this head has decreased. Appendix “K” gives the figures for the year under report as compared with the previous year.

In Kashmir the variations are as follows:—

1. License fee for sale of country liquor	—5,983
2. License fee for sale of foreign liquor (retail shop)	—330
3. License fee for sale of foreign liquors for consumption off the premises	+313
4. License fee for sale of foreign liquors in Restaurant	+600

5.	License fee for sale of Methylated spirit	..	—150
6.	Permit fee on denatured spirit	+362
7.	License fee for sale of Charas	—2,273
8.	License fee for sale of opium	—371
9.	Excise duty on country liquor	+4,873
10.	Customs duty on imported foreign liquors	..	+40,835
11.	Excise duty on Charas	—2,186
12.	Transport pass fee on Charas	+3,071
13.	Profits on opium	—895
14.	Miscellaneous	+35

The fluctuations in Jammu are:—

1.	License fee for sale of country liquor	—12,315
2.	License fee for sale of foreign liquor for consumption off the premises.		+600
3.	License fee for sale of foreign liquor in a Bar	..	+250
4.	License fee for sale of Methylated spirit	..	+300
5.	Permit fee on Denatured spirit	+355
6.	License fee for sale of charas	—69
7.	License fee for sale of opium	—1,164
8.	Excise duty on country liquor	+9,717
9.	Customs duty on imported foreign liquors	..	—5,978
10.	Excise duty on Charas	—6,638
11.	Transport pass fee on Charas	+7,760
12.	Profits on opium	—12,754
13.	Miscellaneous	—799

A reference to the above would show that the chief items which show noticeable variations in both the provinces are (1) "License fee for sale of country liquor", (2) "Excise duty on country liquor", (3) "Customs duty on imported foreign liquors", (4) "Excise duty on Charas" and "Profits on Opium". Decrease under "License fee for sale of country liquor" is due to reduction in the sale price of country liquor from Rs. 2 to Rs. 1-8-0 per bottle which was done to combat the illicit distillation of liquor in the country. This measure has proved successful as the licit supply has considerably increased. This can be verified by a reference to the figures given under the head "Excise duty on country liquor".

"Excise duty on country liquor".—Explained under "License fee for sale of country liquor" above.

"Customs duty on imported foreign liquors".—It is in fact Customs revenue and is shown here only for statistical purposes.

"Excise duty on Charas".—Imports from Yarkand having ceased, the

price of Charas has considerably increased. Besides the levy of additional duty of Rs. 20 per seer as "Transport Pass Fee on Charas" raised the price of Charas considerably and thus caused decrease in its consumption. The consumption of Charas in Kashmir Province is also affected by the availability of Gardha Bhang, from which illicit Charas is manufactured locally. This year additional staff consisting of one Assistant Inspector and four guards was deputed to Maraj Range to prevent more effectively the illicit collection of Bhusa Bhang for the manufacture of Charas.

Profits on opium.—The decrease may be attributed to (a) increase in the issue price of the opium from Rs. 70 to Rs. 80 per seer for six months, (b) supply of only 12 seers of opium to Poonch Illaqa against two maunds supplied annually.

48. **Export Duty.**—Appendix "L" shows the receipts under this head during the year as compared with the preceding year. The receipts have decreased in Kashmir by Rs. 15,759 and increased in Jammu by Rs. 4,593.

The decrease in Kashmir may be attributed to the failure of fruit crop, which shows a decrease of Rs. 23,177. "Grains and Pulses" have made up this deficiency to the extent of Rs. 6,235 as they had a good crop this year.

In Jammu there is an increase of Rs. 4,593 which is due to larger exports of Ghee, potatoes, hides and skins and raw wool. The market for these articles was favourable in the Punjab. "Grains and Pulses" also yielded an increase of Rs. 2,366.

49. **Road Toll.**—Appendix "M" shows the income under Road Toll. In the Kashmir Province there is a decrease of Rs. 10,883 and in Jammu of Rs. 18,319. The total decrease amounts to Rs. 29,202 which, as stated in the preliminary chapter of this Report, is almost negligible and calls for no special remarks.

50. **Miscellaneous.**—Appendix "N" shows the income of the Department under this head.

51. **Receipts from Imports in Bond.**—The receipts under "Imports in Bond" for the last five years are shown below:—

					Rs.
1992-93	27,87,903
1993-94	23,02,585
1994-95	26,87,088
1995-96	35,11,377
1996-97	28,13,342

These figures are included under "Import Duty" in Appendix "C".

Reasons for the decrease have been explained in the preliminary chapter of the Report.

52. **Inland Postal Parcels.**—The following statement shows the revenue realised on inland postal parcels during the year under report as compared with the preceding four years:—

Year.		Kashmir.	Jammu.	Total.
1992-93	25,196	7,259	32,455
1993-94	23,124	7,144	30,268
1994-95	24,926	5,873	30,799
1995-96	20,251	5,606	25,857
1996-97	25,292	6,070	31,362

These figures are included under Import Duty in Appendix "C".

The increase may be attributed to the extension to some more Post Offices of the system by which customs duty on parcels delivered is collected at the Post Office by the Customs staff. The system has worked quite satisfactorily. Apart from the increase in revenue it has prevented the accumulation of arrears.

53. **Foreign parcels.**—The figures given below represent the receipts from imports by Overland (Foreign) Parcel and Letter Mail for the last five years :—

Year.	Kashmir.	Jammu.	Total.
1992-93	1,25,748	48,142	1,73,890
1993-94	97,731	7,957	1,05,688
1994-95	67,193	15,347	82,540
1995-96	84,923	7,906	92,829
1996-97	80,652	13,069	93,721

These figures are included under Import Duty in Appendix "C".
The receipts are steady.

54. **Total Revenue.**—The total revenue collected by the Department during the year amounted to Rs. 78,20,381. If exemptions amounting to Rs. 2,98,980 are added to these collections the gross realisations of the Department would stand at Rs. 81,19,361.

55. **Expenditure.**—The total expenditure incurred on the maintenance of the Department during the year as shown in Chapter I para 13, amounted to Rs. 4,08,302 against an income of Rs. 74,87,069 excluding Octroi receipts. For the collection of octroi 10 per cent. is charged by the Department on gross receipts. The ratio of expenditure to income was 5.4 per cent. If the value of exemptions allowed be taken into account, the incidence works out at 5 per cent.

CHAPTER IV.

EXCISE.

56. **Cultivation of poppy.**—The following statement shows the area under poppy cultivation and the quantity of opium extracted during the year under report as compared with the preceding four years:—

Year.	Area Cultivated.		Area Cropped.		Opium Produced.				
	Kanals	Marlas.	Kanals.	Marlas.	Mds.	Seers.	Chht.	Tolas.	
1992-93	..	486	3	320	6	5	6
1993-94	..	506	7	500	8	30	14	2½
1994-95	..	1,325	12½	991	10½	15	6	1
1995-96	..	1,242	19	1,040	12	20	30	3
1996-97	..	1,815	3	1,222	5	12	7	5	1

Licenses were issued for the production of 25 maunds of opium but the crop was damaged seriously by hailstorm as a result of which the total yield of opium was 12 Mds. 37 seers 5 Chataks and 1 tola. It was purchased by the Department for Rs. 4,045-5-0.

57. **Charas.**—The trade with Central Asia having ceased on account of disturbances in Chinese territory and the Chinese authorities having prohibited the manufacture of Charas no more supplies of Charas can be expected to be obtained from Yarkand. Therefore 36 bundles weighing 49 Mds. 26 seers and 2 Chataks required for the period ending November 1941 were purchased by the Department for Rs. 21,164-4-6. The question of the manufacture of Charas in the State is under the consideration of Government.

58. **Country Liquor.**—The contract for the supply of country (plain and spiced) spirits was held by the Murree Brewery Company Ltd., Rawalpindi, at the rate of annas 14 and Re. 1-1-0 per gallon of London Proof Strength. Delivery was to be made by the Brewery at Srinagar, Domel and Jammu warehouses according to the requirements of the Department.

In addition to the above quoted rates, annas 2 per London Proof gallon had to be paid to the Punjab Government as Export duty.

59. **Profits from sale of Excisables.**—The profits realised from the sale of excisable articles for the year under report as compared with the four preceding years are shown below:—

Article.	1992-93.	1993-94.	1994-95.	1995-96.	1996-97.
Country Liquor ..	1,706	1,081	558	399	1,227
Opium ..	40,720	46,637	44,593	48,755	35,106
Charas ..	274	284	714	927	482
Total ..	42,700	48,002	45,865	50,081	36,815

Profits under country liquor and Charas represent the savings in wastage and dryage.

The decrease under opium may be attributed to the fall in its consumption. Besides only twelve seers in place of two maunds of opium could be spared for Poonch Illaqa during the year under report.

60. **Auctions.**—The result of the auctions held for the sale of Excise vend privileges during the year as compared with its preceding year is shown in the following statement:—

Excisable articles.	Kashmir.		Jammu.		Total.	
	1995-96.	1996-97.	1995-96.	1996-97.	1995-96.	1996-97.
Country Liquor ..	32,828	26,450	82,320	69,384	1,15,148	95,834
Foreign Liquor (for consumption on the premises) ...	1,200	870	300	300	1,500	1,170
Charas ..	6,597	4,306	14,364	14,286	20,961	18,592
Opium ...	7,033	6,566	16,584	15,420	23,617	21,986
Total ..	47,658	38,192	1,13,568	99,390	1,61,226	1,37,582

61. **Consumption.**—The following comparative statement shows the consumption of excisable articles during the year under report and the four preceding years:—

Year.	Country liquor in L. P. Gallons.	Kashmir.						Jammu.						Total.								
		Charas.			Opium.			Charas.			Opium.			Charas			Opium.					
		M.	S.	C.	M.	S.	C.	M.	S.	O.	M.	S.	O.	M.	S.	C.	M.	S.	O.			
1992-93	...	3,148	7	39	20	4	28	5	8,950	19	9	9	12	4	4	12,098	27	8	11	16	32	9
1993-94	...	2,660	7	35	0	4	13	13	9,151	22	8	2	13	6	6	11,811	30	32	2	17	20	3
1994-95	...	2,536	3	20	12	3	30	6	8,685	14	38	13	11	37	12	11,221	18	19	9	15	28	2
1995-96	...	4,416	6	1	7	3	30	3	8,991	13	16	2	16	21	3	13,407	19	17	9	20	11	6
1996-97	..	5,167	4	14	8	3	6	15	10,602	9	20	7	9	35	6	15,758	13	34	15	13	2	5

62. **Incidence.**—The incidence of consumption and the Excise taxation per mille of population is indicated by the figures given below for the last two years:—

Year.	COUNTRY LIQUOR IN LONDON PROOF GALLONS.			DRUGS IN 'TOLAS.			TAXATION IN RUPEES.			
	Kashmir.	Jammu.	Total.	Kashmir	Jammu.	Total.	Kashmir.	Jammu.	Total	
1995-96	..	2.8	6.4	4.6	19.9	68.9	44.4	59.7	146.6	103
1996-97	..	3.2	7.6	5.4	15.3	44.6	29.9	57.3	155.5	106.4

63. **Excise arrangements at Astore and Skardu.**—The Departmental arrangements to meet the demand for liquor and opium in Astore and drugs in Skardu were the same as before.

64. **Excise shops.**—Appendix 'A' shows the number of Excise shops and the amount of Excise revenue for the year. Appendices B, B-1, B-2, B-3 and B-4 show the names and localities of the shops run during the year under report.

65. **Illicit distillation.**—The number of cases of illicit distillation of

liquor and of unlawful possession of other excisable articles detected during the year was 18 against 74 of the last year.

66. **Abolition of certain Excise shops.**—Owing to poor sales, the country liquor shops of Karlup, Thannah and Bhopar and drugs shops at Thannah, Shamachak, Karlup and Bopar were closed during the year under report.

CHAPTER V,

GENERAL.

67. **Miscellaneous.**—The following statement shows the duty value of exemptions allowed to privileged persons, Government, Imperial Departments and Industrial firms during the year as compared with the preceding year:—

Heads.	KASHMIR.		JAMMU.		TOTAL.		
	1995-96.	1996-97.	1995-96.	1996-97.	1995-96.	1996-97.	
Customs	..	44,405	65,887	94,155	93,044	1,38,860	1,58,931
Road Toll	...	1,05,014	90,538	71,383	48,640	1,76,396	1,39,178
Export Duty	..	18	39	156	330	174	369
Octroi	11	845	431	845	502
Total	...	1,49,436	1,56,475	1,66,839	1,42,505	3,16,275	2,98,980

68. **Dhalmahmood Exemptions.**—The exemptions allowed during the year as compared with the preceding four years on account of Customs duty on goods imported into Poonch *via* Dhalmahmood-Sehra route are given below:—

				Rs.
1992-93	1,03,867
1993-94	80,576
1994-95	95,402
1995-96	1,11,142
1996-97	1,05,034

The Poonch Illaqa follows a different Customs tariff of its own which provides levy of duty at rates comparatively lower than those obtaining in the State. It is suspected that all the goods allowed to be transported to Poonch free of duty through the State territory are not actually consumed in the Illaqa and a part thereof is smuggled into the State to the detriment of its revenues. In order therefore to safeguard the revenues an Assistant Inspector is proposed to be posted at Sehra Customs Post to attest the export of goods meant for Poonch. But so long as there is difference in rates between the State and the Jagir tariffs, the danger of the leakage of the Customs revenue of the State cannot be eliminated.

69. **Refunds.**—Refunds granted under various heads during the year were as follows:—

Heads.			Kashmir.	Jammu.	Total.	
Customs	9,171	9,298	18,469
Octroi	1,908	47	1,955
Road Toll	1,027	41	1,068
Excise	644	304	948
Export	60	322	382
Possession Tax on Cars			..	90	..	90

Refunds are not granted by debit to the Revenue Heads. There exists a separate grant in the Expenditure Budget by debit to which they are paid. From the figures given above it may be taken to mean that against the revenue realised under each Head, Refunds to this extent have been allowed during the course of the year.

Ladakh and Gilgit Districts being exempt from payment of Customs duty, Refund of Import duty at Kargil and Gurez Customs Posts transported for these Districts amounted to Rs. 59,348.

70. **Tours.**—During the year under report the Inspector General remained on tour for 50 days, the Inspector of Customs and Excise, Kashmir for 48 days and the Inspector of Customs and Excise Jammu for 69 days. On account of the insufficiency of the Travelling Allowance Grant, the tours of the Inspectors cannot be as frequent as they should be.

71. **Buildings.**—As stated in the previous Reports, the Department is very poorly provided in respect of buildings. However a notable achievement in this direction during the year under report was that the office of the Inspector of Customs and Excise which had ever since the inception of the Department been housed in hired buildings was accommodated in a Government building vacated by the Sadar Treasury.

72. **Possibilities of improvement and impetus given to the Trade.**—Apart from the measures taken which concern the Department of Commerce and Industries the following steps were taken by Government for affording Customs facilities for the development of local industries and marketing of local produce:—

(a) Export duty on Hides and Skins was reduced from Rs. 2 to Rs. 1-12-0 per maund.

(b) In order to help the industrial concerns in the State, dyes were permitted to be imported on payment of a duty of 10 per cent. *ad valorem*.

(c) Concessions were granted and facilities afforded to the Tourist industry in the State.

(d) Exemption from payment of Customs and other duties were allowed to certain State-aided institutions.

73. **Customs and Revenue Audit Offices.**—Appendix 'S' shows the work done in the Customs Revenue Audit Offices at Srinagar and Jammu.

Accounts of Domel, Kohala, Ramkote, Dub, Uri and Baramulla Customs Posts were inspected by the Audit Officer, Customs Revenue Audit on spot.

The difficulties detailed in the last year's Report, which the Audit felt in the speedy and thorough check of accounts have again been re-iterated this year. Attention of the Inspectors is again been drawn to them with instructions that action should be taken to clear the Audit objections and remove the difficulties pointed out by the Audit.

74. **Number of communications received and despatched.**—Appendix 'T' shows the number of communications received in and issued from the Direction Office and the Provincial Inspectorates during the year under report.

75. **Central Asian Trade.**—The figures of trade between (a) Central Asia and Kashmir and (b) Central Asia and the Punjab and *vice versa* are shown in the following comparative statement:—

	1995-96.		1996-97.	
	Quantity.	Value.	Quantity.	Value.
Trade between Central Asia and Kashmir	1,789	48,550	2,655	78,246
Trade between the Punjab and Central Asia	56	528	13	134
Trade between Central Asia and the Punjab	1,466	4,04,814	824	99,282

Increase in the figures of trade between Central Asia and Kashmir may be attributed to the fact that goods meant for Central Asia during the previous year were redirected back to Kashmir.

Trade between Central Asia and the Punjab and *vice versa* is dwindling due to the route to Chinese Turkistan having been closed by the Chinese authorities.

JAMMU & KASHMIR UNIVERSITY
LIBRARY
Kashmir Division - Srinagar

APPENDIX A.

Statement showing the number of Excise shops and Excise revenue of Jammu and Kashmir Provinces for 1996-97 as compared with 1995-96.

Year.	Province.	COUNTRY LIQUOR.		OPIUM.		CHARAS.		TOTAL.	
		No. of shops.	Revenue in Rupees..	No. of shops.	Revenue in Rupees.	No. of shops.	Revenue in Rupees.	No. of shops.	Revenue in Rupees.
1995-96	Kashmir ..	18	61,156	21	16,192	21	16,425	60	93,773
	Jammu ..	29	1,11,439	32	56,182	32	36,232	93	2,03,853
	Total ..	47	1,72,595	53	72,374	53	52,657	153	2,97,626
1996-97	Kashmir ..	18	60,046	21	14,925	21	15,037	60	90,008
	Jammu ..	26	1,36,823	28	42,264	28	37,185	82	2,16,272
	Total ..	44	1,96,869	49	57,189	49	52,222	142	3,06,280

APPENDIX B.

Statement showing the names and localities of country liquor, Charas and Opium shops operated for 1996-97.

Province.	Area.	Locality.	Privileges held.
Kashmir	Srinagar Town ..	Maisuma ..	Foreign liquor on license and country liquor.
		Maharaj Bazar ..	Charas and opium.
		Haba Kadal ..	
		Tashawan ..	Country liquor, charas and opium.
		Zaina Kadal ..	Country liquor.
	Maraj Range ..	Ali Kadal ..	Charas and opium.
		Anantnag ..	Country liquor, charas and opium.
		Shopian ..	
		Pahalgam (seasonal) ..	
	Kamraj Range ..	Bhawan (seasonal) ..	Charas and opium.
		Baramulla ..	Country liquor, charas and opium.
		Sopore ..	
		Bandipore ..	
		Gulmarg (seasonal) ..	Charas and opium.
		Ganderbal ..	
	Pahar Range ..	Sumbal ..	Country liquor, charas and opium.
		Handwara ..	
		Rampur ..	Country liquor, charas and opium.
		Uri ..	
		Chinari ..	
		Garhi ..	
		Domel ..	
Jammu ..	Jammu Town ..	Muzaffarabad ..	Country liquor.
		Kohala ..	
		Tawi ..	Country liquor and foregin liquor on license.
		Phalla Amb ..	
	Ranbirsinghpura	Pacca Danga ..	Charas and opium.
		Gumat ..	
	Ranbirsinghpura	Ranbirsighpura ..	Country liquor, charas and opium.
